

## **Region 17 Select Stallion Auction & Futurity Report April 2013**

The stallion owners all appreciated the separate information page which had room for a longer description, pedigree and more pictures. This format will be retained in 2013.

All horses eligible to enter any of the Select Stallion Futurity classes are now listed on the website.

### **2009 Auction**

The performance futurity in 2015 will have a total purse of \$10,051.02 which will be paid out in full. This is the fifth year for the Region 17 Select Stallion Auction and Futurity , and the first performance futurity classes are still 2 years away!

### **2010 Auction**

There are 13 eligible yearlings that can share the available purse of \$4,284 in the Halter Futurity to be held this July. After the excitement generated by the classes last summer, it is unfortunate that the fund for this auction is about half of the previous year's.

### **2011 Auction**

There were 20 breedings sold at the auction and 17 mares nominated. The total 2011 auction fund is \$13,650 with \$6,142.50 available for the futurity classes to be held in 2014.

### **2012 Auction**

There were 18 breedings sold and \$11,110 collected for the 2012 auction. Mare nomination forms will be sent out in the fall. If we can encourage more than half the mare owners to nominate, the auction fund will be approximately \$13,000.

### **2013 Auction**

To date, there are 5 stallions nominated for this summer's Auction and several more stallion owners have committed to donating a breeding. The nomination deadline is June 1<sup>st</sup>. The sooner the stallions are listed, the more exposure we can give them.
